*"We can't wait
things to happen,
let's make it happen..."*

From the Principal's Pen...

My dear student friends,

At the outset, I would like to offer my best wishes to you on behalf of Chhaygaon College family. During the last academic session we have commenced PGDCA and BBA. I am happy to inform you that post graduate course in the Department of Assamese is going to be introduced from this academic session. Unfortunately, the same could not be materialized in case of the post graduate course in the Dept. of Political Science owing to some technical problems. However, I am hopeful for the introduction of the Post Graduate course in the Department of Political science from the current academic session. The introduction of the PG courses will certainly help those meritorious but economically underdeveloped students of our institution who hails from the remote areas. We are looking forward to introduce Post Graduate courses in all disciplines either from IDOL or from KKHSON. We shall leave no stone unturned for successful introduction of the post graduate courses. Introduction of the PG courses in different disciplines will add a new dimension to our institution. It will bring new challenges, additional responsibilities and additional efforts. Each and every family member is ready to bear the added responsibility in order to achieve tremendous success. I do have enough faith on my family members that together we can overcome these new challenges however hard they might be. I always believe that we can't wait for things to happen, in fact, we must try to make it happen.

My dream is to internet to the rest of the world,

"We are someone here at Chhaygaon"

Message

I have been associated with the Chaygaon College as President for quite some time. The College has made a fascinating journey over the years-from its nascent stage when it was born with the endeavor of the founding fathers of Chaygaon and the neighborhood- today it has grown into a remarkable Institute spreading knowledge to the students drawn mostly from rural areas. Ever since I had been the President it has been my endeavor to build up a synergy and team-spirit of the Governing Body, teachers and students. This has yielded good results in the progress and development of the College with all the facilities like modern teaching aids, Gymnasium, auditorium (one of the best in Assam) indoor stadium (almost complete) and above all the dedication of the Principal and teachers to ensure that the students get the best education and leave the portals of the college imbued with knowledge, sense of service, ethical attitude and turn out to be good human beings.

With these words I warmly welcome the new students who will be enrolled now and in the future

P.K.CHAUDHURI
